The average rate of interest paid on the gross debt for the year was \$2.75 as compared with \$2.81 in the previous year, and the net rate of interest fell from \$2.26 to \$2.21.

Bonds of the undermentioned works have been guaranteed by the Dominion Government to the following extent :—

*Quebec Bridge and Railway Company*, Cap. 54, 3 Edward VII. (1903).

The guarantee is for the principal \$6,678,200 00 and for interest thereon at the rate of 3 p.c. per annum for 50 years.

*The Canadian Northern Railway Company*, Cap. 7, 3 Edward VII. (1903).

The statement of the number of officers now serving and subject to the Civil Service Superannuation Act has been continued to June 30 last. The number of these coming under the operation of the old Superannuation Act has fallen from 2,100 in 1905 to 2,000 in 1906.

6-7 EDWARD VII., A. 1907

The Dominion has now fairly entered upon the period when loans contracted in its early history are falling due year by year. In the last fiscal year £1,000,000 4 p. c. loan of 1875 fell due on November 1, 1905. On November 1, 1906, £2,500,000 falls due. On May 1, 1907, the portion of the 1874 loan extended in 1904 amounting to £1,926,654 15s. 11d., matures, and in each year until 1910 large sums will have to be redeemed, or refunded. To carry on the large projects now under way and at the same time meet maturing obligations will require the greatest care in order that the credit of Canada, now so deservedly high, may suffer no impairment.

My career as Deputy Minister of Finance has drawn to a close and this is the last report on the public accounts of Canada to bear my signature. I desire to extend to the staff of the department my thanks for their hearty co-operation at all times in the work that fell to us to execute. I commend their loyalty and their devotion to the public interest.

I have referred in previous reports to the competition in the commercial world for the services of able and industrious men. An efficient and honourable civil service is indispensable to such a great and growing country as Canada and liberality in the remuneration of those who prove worthy in its service is an expenditure that will yield an hundred-fold,

Respectfully submitted,

J. M. COURTNEY,

*Deputy Minister of Finance.*
